

Advanced English Mastery: IELTS, SAT Vocabulary & Academic Communication

Course Introduction

This course is designed for learners who already possess a solid foundation in English and are ready to sharpen it into a tool for academic success, standardized exams, and confident real-world communication.

Combining IELTS exam preparation, SAT-level vocabulary development, and advanced general English usage, this course goes beyond memorization and drills. Students will learn how English works; not just what answers are correct, but why they are correct.

Whether your goal is to achieve a high IELTS band score, strengthen your academic writing, or speak English with greater precision, clarity, and confidence, this course offers a structured yet flexible approach that treats English as a living language, not a checklist.

Course Outline

1. IELTS Skills Mastery (All 4 Skills)

A comprehensive breakdown of the IELTS exam, with strategy-driven practice and real exam insight.

- Listening:
 - Understanding accents, traps, and distractors
 - Note-taking strategies & prediction skills
- Reading:

- Skimming, scanning, and keyword recognition
 - Handling academic texts efficiently under time pressure
 - Writing:
 - Task 1: Data analysis, structure, and clarity
 - Task 2: Argument development, coherence, and band-boosting language
 - Speaking:
 - Fluency, pronunciation, and natural responses
 - Avoiding memorized answers and sounding authentic
-

2. SAT Vocabulary & High-Level Lexical Development

Designed to build precision, nuance, and depth in word usage—essential for both exams and academic writing.

- High-frequency SAT and academic vocabulary
 - Word roots, prefixes, and contextual meaning
 - Avoiding misuse of “advanced” vocabulary
 - Using strong words naturally in writing and speaking
-

3. Advanced Grammar & General English Usage

Focused on accuracy, clarity, and sophistication—especially for academic and professional contexts.

- Complex sentence structures & cohesion
 - Articles, tense control, and prepositions (advanced usage)
 - Formal vs informal register
 - Common high-level learner mistakes (and how to fix them)
-

4. Academic Writing & Critical Expression

Training students to express ideas clearly, logically, and persuasively.

- Essay structure & argument flow
 - Thesis statements and paragraph development
 - Clarity over complexity: writing that sounds intelligent, not forced
 - Editing techniques for self-correction
-

5. Speaking with Confidence & Purpose

Moving beyond “correct English” to effective communication.

- Expressing opinions naturally
- Academic discussion and debate skills
- Fluency under pressure
- Thinking in English rather than translating
